

## **General information**

As regards personal data in the possession of the operator of this web site the same are collected from the same, while the navigation data is processed by the operating code located on the same sites. All data collected will obviously be treated confidentially and in accordance with local regulations. The operator of the web site agree to process personal data lawfully and fairly; to collect and register for specific, explicit and legitimate purposes and to use them in other processing operations in terms not incompatible with those purposes. It also undertakes to work because they are up to date, relevant, complete and not excessive for the purposes for which they are collected and subsequently processed and to store them in a form which permits identification of data for a period of time not exceeding that necessary for the purposes for which they were collected or subsequently processed.

The technology used in this web site is used to detect the flow of access without the use of tools that allow personal identification of individuals because the system anonymize all the data and aggregates the same in the various reports on their own without maintaining any complete log server or full IP address or any other element that could bring in a direct way to the identity of the individual making the navigation of the site. The methodology used for the collection of data is, in fact, only able to provide information regarding the country of origin, the features of the browser and operating system used by the visitor, the various time of the visit (eg the time spent on each page) and details about the path followed within the site with particular reference to the sequence of pages. It is not possible to trace the identity of the VISITOR because the surveys are carried out in real time. All relevant data are stored on servers ShinyStat only as aggregate.

About cookies, we point out that our systems have an IP address anonymization and aggregation mechanism related to the log file data.

Further information can be obtained directly from the site manager.
